## AIRSHOW!

## UPRT LECTURE AT OSHKOSH

Only 3 days until the Airshow of the Cascades! SAW is doing discounted aerobatic rides, as usual. Come out for some fun, and be sure to come by and say hi. Find us under the red tent shade by the flightline.

Saturday rides are almost full. Friday and Sunday are still open.

Mike Kloch spoke at the International Aerobatic Club's Pavilion at EAA AirVenture on Thursday, July 25th. This was Mike's first time speaking at Oshkosh. Attendance was good, with an attentive audience.

Spreading the word on the immense value of UPRT takes a lot of work! We are regularly looking for the opportunity to educate pilots. Let us know if you have a group that wants to hear our message.

## NEW SAW HATS

We have new blue & white SAW trucker caps in stock. They are proving to be popular. Only \$30.

## TOPIC OF THE MONTH

Do you 'FlySafe'? The FAA has a Fly Safe website with fact sheets for many aspects of flying. It is definitely worth taking a look at.
