YOUTUBE

Did you know that SAW has a YouTube channel? We have educational and fun videos related to what we do. We look forward to increasing the content as we are able. If you have any suggestions for content, please share with us. Check out the SAW YouTube channel [HERE](#), and stay tuned!

CONGRESS PASSES FAA REAUTHORIZATION

Federal Aviation Administration

“AOPA and the aviation industry celebrate the long-awaited passage of the five-year FAA bill, which authorizes an increase in funding for general aviation airports, expands BasicMed, modernizes FAA systems, and much more.”

AOPA’s article on this act is worth the read. Stay up on what is affecting GA. See it [HERE](#).

SAW WELCOMES NEW INSTRUCTOR

SAW welcomes Matt Haines to the team. Matt is an airline pilot, tailwheel airplane owner, A&P, and more. Matt & Mike worked together at Epic for several years, and we are excited to have Matt on the team!

FAAST TOPIC OF THE MONTH

we have added a new webpage to our website. Its the FAA Safety Team's Topic of the Month. Each month, a PowerPoint presentaion is mailed to FAAST Reps. We are now posting those, as its hard to have an in-person meeting every month. Even then, not everyone can make a meeting regularly. This enables anyone interested the ability to download the TOM from our website and review the information, which of course is certainly recommended.

Providing more options for learning and becoming a safer pilot is something we love to do at SAW.
